

Fluorescence Microscope

VenusLab EFM

Multifunctional ideal instrument

- High-definition optics: wide-field eyepieces and flat-field achromatic fluorescence objectives.
- Composite light sources: 100W mercury lamp epifluorescence and 6V20W halogen lamp transmission.

One Platform Many Possibilities

Overview

Research-grade Epifluorescence Microscope Series

The VenusLab EFM series is a high-performance epifluorescence microscope specifically designed to meet the needs of advanced academic research, clinical medical diagnosis, and disease control and prevention. This series of instruments combines an advanced infinite optical system with dual illumination modes, allowing users to perform transmitted brightfield observation and epifluorescence analysis on a single platform. With its stable and reliable mechanical structure and excellent optical performance, VenusLab EFM is an ideal choice for research work in cutting-edge disciplines such as biology, cytology, genetics, and immunology.

Features of VenusLab EFM

- **Modular design:** Supports flexible configuration upgrades and accessory expansion.
- **Versatility:** Can adapt to various biomedical research scenarios and observation technologies.
- **Ergonomics:** The design focuses on operational comfort and convenience.
- **Long-term reliability:** Adopts industrial-grade design standards to ensure long-term stable operation.

Service & Support

We are dedicated to delivering exceptional optoelectronic solutions to every client. From precision manufacturing and secure delivery to full-lifecycle technical support, we are here to ensure a seamless and reliable experience at every step.

1. Warranty Policy

Quality First, Worry-Free Operation

Warranty Period: We offer a **two-year** warranty service for all of our core optoelectronic products, effective from the date of shipment.

Coverage: We provide free repair or replacement services for malfunctions caused by material defects or workmanship errors under normal operating conditions.

Rapid Response: Upon receiving a warranty claim, we guarantee to initiate the assessment process within **24 hours** to minimize your equipment downtime.

2. Technical Support

Expert Team, Full-Process Guidance

Technical Consultation: Our team of senior optical engineers provides **24/7 online support** to assist with installation, commissioning, optical path alignment, and parameter optimization.

Scheduled Maintenance: We offer full-lifecycle maintenance recommendations, including firmware upgrades, optical component cleaning guidelines, and precision calibration services.

Training Services: We provide customized remote or on-site operational and safety training to ensure your team can operate the equipment efficiently and safely.

3. Logistics & Delivery

Precision Packaging, Global Reach

Professional Packaging: Given the fragile nature of optical instruments, we utilize industrial-grade shockproof, anti-static, and moisture-proof vacuum packaging to ensure zero damage during transit.

Logistics Partners: We partner with top-tier global logistics providers (**DHL / FedEx / UPS / SF Express**) to offer reliable shipping with real-time tracking.

Shipping Insurance: All shipments are fully insured to eliminate logistics risks.

4. Compliance & Certification

Strict Standards, Total Compliance

Quality Certification: Our manufacturing process is **ISO 9001 certified**, and our products comply with international standards such as **CE and RoHS**.

Export Compliance: "Committed to environmental responsibility, all our products comply with **RoHS 2.0 and REACH standards**, ensuring safety and global compliance."

Explore Series

Model	Movement range	Stage Size
VL EFM-3201	75mmX50mm	210mmX140mm
VL EFM-3001	75mmX50mm	210mmX140mm
VL EFM-2001A	75mmX50mm	160mmX140mm
VL EFM-2001B	75mmX50mm	160mmX140mm
