

Metallurgical Microscope

VenusLab DIC-Met

Upright DIC Metallurgical Microscope

- Double excellence: Optics + DIC for clear imaging; Anti-shake + ergonomics for smooth operation.
- Adaptability: Dual illumination for multiple scenarios, expandable for high-definition camera storage.

Overview

A professional-grade upright metallographic observation tool

VenusLab DIC-Met is an upright differential interference contrast metallographic microscope designed for scientific research and testing scenarios. It meets the observation needs of multiple fields with high-quality imaging and user-friendly design.

Features of VenusLab DIC-Met

- Optics + DIC: Infinity system + phase contrast, stereoscopic and clear imaging
- Anti-shake + Ergonomics: Stable body, comfortable operation
- Dual illumination: Reflection/transmission dual modes, covering multiple scenarios
- Wide compatibility: Compatible with metallographic, surface morphology and other observations
- Expandable: Connect camera accessories to store high-definition images

Service & Support

We are dedicated to delivering exceptional optoelectronic solutions to every client. From precision manufacturing and secure delivery to full-lifecycle technical support, we are here to ensure a seamless and reliable experience at every step.

1. Warranty Policy

Quality First, Worry-Free Operation

Warranty Period: We offer a **two-year** warranty service for all of our core optoelectronic products, effective from the date of shipment.

Coverage: We provide free repair or replacement services for malfunctions caused by material defects or workmanship errors under normal operating conditions.

Rapid Response: Upon receiving a warranty claim, we guarantee to initiate the assessment process within **24 hours** to minimize your equipment downtime.

2. Technical Support

Expert Team, Full-Process Guidance

Technical Consultation: Our team of senior optical engineers provides **24/7 online support** to assist with installation, commissioning, optical path alignment, and parameter optimization.

Scheduled Maintenance: We offer full-lifecycle maintenance recommendations, including firmware upgrades, optical component cleaning guidelines, and precision calibration services.

Training Services: We provide customized remote or on-site operational and safety training to ensure your team can operate the equipment efficiently and safely.

3. Logistics & Delivery

Precision Packaging, Global Reach

Professional Packaging: Given the fragile nature of optical instruments, we utilize industrial-grade shockproof, anti-static, and moisture-proof vacuum packaging to ensure zero damage during transit.

Logistics Partners: We partner with top-tier global logistics providers (**DHL / FedEx / UPS / SF Express**) to offer reliable shipping with real-time tracking.

Shipping Insurance: All shipments are fully insured to eliminate logistics risks.

4. Compliance & Certification

Strict Standards, Total Compliance

Quality Certification: Our manufacturing process is **ISO 9001 certified**, and our products comply with international standards such as **CE and RoHS**.

Export Compliance: "Committed to environmental responsibility, all our products comply with **RoHS 2.0 and REACH standards**, ensuring safety and global compliance."

Explore Series

Model	Revolver	Focusing Mechanism	Stage	Eyepiece Tube
VL DIC-Met 3230	5-position (ball bearing positioning)	Coaxial coarse/fine focus, fine focus increment 2μm	Double-layer movable stage (210×140mm, travel range 63×50mm)	Trinocular tube, 30° tilt
