VL-N Series Non-Magnetic Platform

316L zero magnetism, ready to use immediately

- 316L non-magnetic $\mu \leq 1.05$
- Flatness $\leq 0.05\text{mm/m}^2$, ready to use immediately

Overview

316L Zero- μ Island

The VL-N series tabletop-bracket is entirely made of 316L non-magnetic stainless steel, with $\mu r \leq 1.05$ and magnetic field disturbance $< 0.1 \mu T$; featuring a honeycomb core + precision grinding, the flatness is $\leq 0.05 \text{ mm/m}^2$, and it does not warp under heavy loads. It is specially designed for uniform magnetic field scenarios such as MRI, magnetoencephalography, and cold atoms, ready to use immediately without the need for demagnetization.

Service & Support

We are dedicated to delivering exceptional optoelectronic solutions to every client. From precision manufacturing and secure delivery to full-lifecycle technical support, we are here to ensure a seamless and reliable experience at every step.

1. Warranty Policy

Quality First, Worry-Free Operation

Warranty Period: We offer a **two-year** warranty service for all of our core optoelectronic products, effective from the date of shipment.

Coverage: We provide free repair or replacement services for malfunctions caused by material defects or workmanship errors under normal operating conditions.

Rapid Response: Upon receiving a warranty claim, we guarantee to initiate the assessment process within **24 hours** to minimize your equipment downtime.

2. Technical Support

Expert Team, Full-Process Guidance

Technical Consultation: Our team of senior optical engineers provides **24/7 online support** to assist with installation, commissioning, optical path alignment, and parameter optimization.

Scheduled Maintenance: We offer full-lifecycle maintenance recommendations, including firmware upgrades, optical component cleaning guidelines, and precision calibration services.

Training Services: We provide customized remote or on-site operational and safety training to ensure your team can operate the equipment efficiently and safely.

3. Logistics & Delivery

Precision Packaging, Global Reach

Professional Packaging: Given the fragile nature of optical instruments, we utilize industrial-grade shockproof, anti-static, and moisture-proof vacuum packaging to ensure zero damage during transit.

Logistics Partners: We partner with top-tier global logistics providers (**DHL / FedEx / UPS / SF Express**) to offer reliable shipping with real-time tracking.

Shipping Insurance: All shipments are fully insured to eliminate logistics risks.

4. Compliance & Certification

Strict Standards, Total Compliance

Quality Certification: Our manufacturing process is **ISO 9001 certified**, and our products comply with international standards such as **CE and RoHS**.

Export Compliance: "Committed to environmental responsibility, all our products comply with **RoHS 2.0** and **REACH standards**, ensuring safety and global compliance."

Explore Series

Model	Typical Weight	Flatness
VL-N1212	140 kg	$\leq 0.05 \text{ mm/m}^2$
